Hike for Hospice
Corporate Challenge

Thank you for your interest in the Victoria Hike for Hospice Corporate Challenge. Hike for Hospice is a great way to promote teamwork and community involvement within your business while raising awareness and funds to support Victoria Hospice end-of-life care.

What is the Hike for Hospice Corporate Challenge?
Victoria Hospice is encouraging workplaces throughout Greater Victoria to form a team and join us in Hike for Hospice on May 4th, 2014. Corporate teams can then send out a challenge to their business competitors to form their own team! Compete to see who will be the ultimate fundraising organization and raise the most to support end-of-life care in your community.

The Top Fundraising Corporate Team will be awarded the Hike for Hospice Trophy. The trophy will be engraved with your company’s name and given to you to display in your business until the next year’s walk.

Hike for Hospice is a great opportunity for your company to:

- Encourage teamwork and enhance employee morale
- Showcase your community involvement
- Engage with business contacts on a new level

Funds can be raised through a variety of activities including:

- Pledges
- Jeans Day (buttons provided)
- Bake sales, car washes, raffles, etc

Your Team
Hike for Hospice is a fun event for everyone and there are no limits to who can be involved. Your team can be made up of co-workers, their families, clients and friends. It’s a perfect opportunity to get everyone together to enjoy some fresh air and a scenic walk - all for a good cause. Registration is just $10/ person and some workplaces may be willing to sponsor their organization’s team - be sure to ask!

Challenge
How to challenge other offices? For your convenience we have prepared a poster form that will allow your team to send a challenge to others with ease (see below). All you need to do is write in your company name and who you are challenging, and then send it off by email or fax to your competitors!

Thank you! Your efforts will make a big difference in the lives of our patients and their families. For more information please contact Wendy Innes – wendy.innes@viha.ca or 250-519-1747.
